Volkswagen Caddy Maxi Life

The VW Caddy introduces a WAV that is ideal for the large wheelchair ranges and applications that require 5 generous seats, plus a wheelchair. When wheelchair access provision is not required, the original third row of seats can be replaced to take it back to a seven seater.

High roof and twin wheelchair options are also available, along with an interior lift, instead of a ramp for particular applications.

The Maxi Life also enjoys the added benefits of a diesel engine with an automatic option.

You are also guaranteed of the utmost safety as The Caddy Wheelchair Accessible vehicle has European Whole Type Approval.

Other features of the VW Caddy Maxi life are:

- ✦ The rear floor area is lowered to give a comfortable internal height
- ✦ A lightweight fold down ramp at the rear makes entry & exit of wheelchair easy
- ✦ The wheelchair is secured at the front by optional electrically operated restraints and rear webbing straps. An electrically operated winch is available as an optional extra
- ✦ A lap and diagonal seat belt protects the wheelchair passenger
- ✦ Other optional extras are available

Driving Quality™
